

## NB Private Equity Partners Announces Monthly Net Asset Value Update for November 2012

17 December 2012<sup>1</sup>

NB Private Equity Partners Limited (“NBPE” or “the Company”), a closed-end private equity investment company, today announced an updated Net Asset Value (“NAV”).

Pro forma for the closing of NBPE’s amendment and extension of its credit facility which closed on 12 December 2012, as of 30 November 2012, the unaudited, pro forma NAV per share was \$11.36, which represents a decrease of 0.4% compared to the unaudited restated NAV per share of \$11.41 at 31 October 2012.

The pro forma value of NBPE’s private equity portfolio as presented in the November 2012 monthly report was based on the following information:

- 37% of the private equity fair value was valued as of 30 November 2012
  - 15% in credit-related fund investments
  - 14% in private direct/co-investments based on 30 November 2012 valuation information
  - 8% in public securities
- 55% of the private equity fair value was valued as of 30 September 2012
  - 38% in fund investments based on Q3 2012 valuation information
  - 17% in private direct/co-investments based on Q3 2012 valuation information
- 8% of the private equity fair value was valued as of 30 June 2012
  - 5% in fund investments based on Q2 2012 valuation information
  - 3% in private direct/co-investments based on Q2 2012 valuation information

During November, NBPE’s portfolio value decreased due to \$0.9 million of unrealized losses on public securities and less than \$0.1 million of negative foreign exchange adjustments. These losses were offset by \$0.8 million of unrealized gains on credit-related fund investments and \$0.7 million of unrealized gains attributable to the receipt of Q3 2012 valuation information. There were no shares repurchased during the month of November.

During the month of November, NBPE’s aggregate trading volume on Euronext Amsterdam, the London Stock Exchange, and over-the-counter trading platforms was 560,461 shares, which represents an average daily trading volume of approximately 25,476 shares. The trading volume in November included approximately 234,654 shares traded over-the-counter and not reported on Euronext Amsterdam or the London Stock Exchange.

NBPE expects to continue to provide regular NAV updates within seven business days of each month’s end.

Please refer to the valuation methodology section of the monthly report for a description of our valuation policy. While some valuation data is as of 30 September 2012 and 30 June 2012, our analysis and historical experience lead us to believe that this approximates fair value at 30 November 2012.

A breakdown of NBPE’s NAV can be obtained in the November 2012 monthly report, which is published on NBPE’s website at [www.nbprivateequitypartners.com](http://www.nbprivateequitypartners.com). The monthly report should be read in conjunction with this announcement.
