

NB Private Equity Partners Announces Monthly Net Asset Value Update for June 2009

10 July 2009

NB Private Equity Partners Limited (“NBPE” or “the Company”), a closed-end private equity fund of funds investment company, today announced an updated Net Asset Value (“NAV”).

As of 30 June 2009, NBPE’s unaudited NAV per share was \$8.13, representing an increase of 0.4% compared to the unaudited NAV per share of \$8.10 at 31 May 2009.

The value of NBPE’s private equity portfolio as presented in the June 2009 monthly report was based on the following information:

- 26% of NAV was held in credit related fund investments and publicly traded securities that were re-valued as of 30 June 2009
- 57% of NAV was held in private equity funds valued using information through 31 March 2009
- 17% of NAV was held in private co-investments valued using information through 31 March 2009

During June, NBPE’s portfolio value increased due to \$3.8 million of positive mark-to-market adjustments on credit-related fund investments. This increase in value was offset by unrealized losses related to public equity securities and foreign exchange adjustments.

NBPE expects to issue its interim report and financial statements for the period ended 30 June 2009 during mid-August. The Company is required to consider, and will consider, all known material information in preparing such financial statements, including information that may become known subsequent to the issuance of this monthly NAV update. Accordingly, amounts included in the financial statements may differ from the amounts published in the monthly report.

NBPE also expects to provide regular NAV updates for the months ending 31 July 2009 and 31 August 2009 within seven business days of each month’s end.

A breakdown of NBPE’s NAV can be obtained in the June 2009 monthly report, which is published on the Company’s website at www.nbprivateequitypartners.com. The monthly report should be read in conjunction with this announcement.
