NBPE – EFFICIENT PRIVATE EQUITY

We believe NBPE offers access to a diverse private equity and income portfolio at a lower cost than many other listed private equity vehicles

Listed Fund of Funds

- Charge double layer of fees
 - Often 1.5% - 2.0% management fee on committed capital and 20% carry at the underlying fund level in addition to fund of funds fees & carry
- Hyper-diversified portfolios
- Potential for significant capital structure risk from any over commitment strategy and / or return dilution from cash drag

Listed Direct Funds

- Single layer of fees, but at a higher level
 - 1.5% management fee on NAV (or NAV + committed capital) and 15 – 20% carry
- Concentrated lead manager risk and often more concentrated portfolio
- Multiple “direct” vehicles invest in third party funds and have multiple layers of fees

NBPE

- Single layer of fees on direct investments
 - 1.5% on NAV and 7.5% performance fee
- Appropriately diversified with multiple top tier managers
- Low over commitment risk

Note: Fee characteristics are described generally above and are typical fees in direct and fund of funds. Fees may vary and the examples above are based on the Manager's assessment of the current market.

ATTRACTIVE VALUE PROPOSITION

We believe NBPE offers a compelling investment opportunity

- ✓ Capital appreciation and growth from equity investments
- ✓ Income through an attractive dividend, supported by the cash yield from the income portfolio and investment realisations
- ✓ Strong capital structure and commitment coverage
- ✓ Private equity exposure with attractive fee structure – lower all-in fees than investing directly into LP funds
