Endnotes

1. The diversification analysis by asset class and investment type is based on the fair value of underlying fund investments and direct/co-investments. Determinations regarding asset class and investment type represent the Investment Manager's estimates. Accordingly, the actual diversification of our investment portfolio and the diversification of our investment portfolio on an ongoing basis may vary from the foregoing information. For the NB Alternatives Direct Co-investment Program and the NB Healthcare Credit Investment Program commitments, total exposure only reflects the funded investments to date. Unfunded amounts and unfunded percentages within each of these programs are excluded from the analysis, as capital deployment is opportunistic and cannot be accurately forecast at this time.
2. The diversification analysis by geography is based on the diversification of underlying portfolio company investments at fair value as estimated by the Investment Manager. Determinations regarding geography and industry also represent the Investment Manager's estimates. Accordingly, the actual diversification of our investment portfolio and the diversification of our investment portfolio on an ongoing basis may vary from the foregoing information. For the NB Alternatives Direct Co-investment Program and the NB Healthcare Credit Investment Program commitments, total exposure only reflects the funded investments to date. Unfunded amounts and unfunded percentages within each of these programs are excluded from the analysis, as capital deployment is opportunistic and cannot be accurately forecast at this time.
3. Guidance regarding NBPE's future portfolio and performance is a target only and not a profit forecast. There can be no assurance that this target will be met or that the Company will make any future distributions whatsoever. Any such changes will be notified to shareholders through a regulatory information service. NBPE's Board of Directors will continue to evaluate the Company's financial position, annual dividend target and the timing of future dividends. Future dividend payments will be announced by NBPE after the Board of Directors have completed such evaluation.
