

## **NB Private Equity Partners Announces Monthly Net Asset Value Update for November 2010**

9 December 2010

NB Private Equity Partners Limited (“NBPE” or “the Company”), a closed-end private equity fund of funds investment company, today announced an updated Net Asset Value (“NAV”).

As of 30 November 2010, the unaudited NAV per share was \$9.85, which represents an increase of 1.2% compared to the unaudited NAV per share of \$9.74 at 31 October 2010.

The value of NBPE’s private equity portfolio as presented in the November 2010 monthly report was based on the following information:

- 48% of the private equity fair value was valued as of 30 November 2010
  - 22% in credit-related fund investments
  - 18% in certain large-cap buyout fund investments at the amount of expected sale proceeds
  - 5% in public securities
  - 3% in Dresser, Inc. based on the amount of expected sale proceeds
- 51% of the private equity fair value was valued as of 30 September 2010
  - 35% in fund investments
  - 16% in private co-investments
- 1% of the private equity fair value was valued as of 30 June 2010

During November, NBPE’s portfolio value increased due to \$6.5 million of unrealized gains attributable to Q3 2010 valuation information for certain fund investments and private co-investments as well as \$2.0 million of unrealized gains on public equity securities. These gains in value were offset by \$1.3 million of negative foreign exchange adjustments and \$0.7 million of unrealized losses on credit-related fund investments.

NBPE expects to continue to provide regular NAV updates within seven business days of each month’s end.

A breakdown of NBPE’s NAV can be obtained in the November 2010 monthly report, which is published on NBPE’s website at [www.nbprivateequitypartners.com/default.aspx](http://www.nbprivateequitypartners.com/default.aspx). The monthly report should be read in conjunction with this announcement.
