* Pro forma for the closing of the Strategic Asset Sale and the sale of Dresser, both of which occurred in January 2011.

Recent Strategic Actions

NBPE has taken a number of strategic actions in order to enhance shareholder value over the long term

◆ **Strategic Asset Sale:**

- NBPE sold its interest in eight large-cap buyout funds at an aggregate 5.1% discount*, generating cash proceeds of \$100.5 million (net of fees and expenses) and releasing NBPE from \$22.5 million of related unfunded commitments
- We believe the Strategic Asset Sale demonstrates the high quality of NBPE's portfolio and its marketability in the secondary private equity market

◆ **Capital Return Policy:**

- NBPE implemented a long-term capital management policy of ongoing returns of capital to class A ordinary shareholders
- At the prevailing discount level, we intend to use share repurchases as the most appropriate means of returning capital to shareholders
- The Capital Return Policy was initiated immediately by launching a formal buy-back program in October 2010
 - Since October 2010, NBPE has repurchased 502,778 shares at 26–30% discounts (accretive to NAV per share by ~\$0.05**)
- Beginning with the first six months of 2011, NBPE intends to return 50% of the realized net increase in NAV attributable to the ordinary shares for each preceding six-month period

◆ **Increased Allocation to Direct Private Equity and Yield-Oriented Investments:**

- NBPE is utilizing a portion of the Strategic Asset Sale proceeds to target a higher allocation to direct private equity and yield-oriented investments
- NBPE expects this strategy to reduce the duration of its portfolio, increase transparency for shareholders, reduce the overall expense ratio and continue the policy of maintaining a conservative over-commitment level

* Discount based on NBPE's carrying value at 31 August 2010.

** Including share repurchases during January 2011.

Broadly Diversified Private Equity Portfolio

NBPE's private equity portfolio is broadly diversified by asset class and tactically positioned with 35% exposure to special situations / distressed and 17% invested in direct / co-investments ¹

Diversification by Asset Class and Investment Type Based on Fair Value

Note: As of 31 December 2010 (unaudited). Pro forma for the closing of the Strategic Asset Sale and the sale of Dresser, both of which occurred in January 2011. Refer to the endnotes for certain important information related to this diversification information.

Attractively Positioned for Growth and Liquidity

Approximately 56% of NBPE's private equity fair value is attributable to investments made during 2008, 2009 and 2010

Private Equity Fair Value by Year of Investment

- ◆ The investment environment in 2008, 2009 and 2010 was particularly attractive for distressed / special situations investing

Note: Year of investment is calculated at the portfolio company level and is defined as the date of capital deployment into a particular underlying investment. This differs from diversification by vintage year as vintage year shows when a fund was formed rather than when the capital was deployed. Data is based on private equity fair value as of 31 December 2010 (unaudited). Pro forma for the closing of the Strategic Asset Sale and the sale of Dresser, both of which occurred in January 2011.

Tactical Approach to Asset Allocation

NBPE has shifted its asset allocation over time in order to tactically allocate the portfolio. Over 80% of the current fair value that was deployed in 2008 through 2010 was invested in special situations and mid-cap buyout

Deployed in 2006 & Earlier (15% of Fair Value)

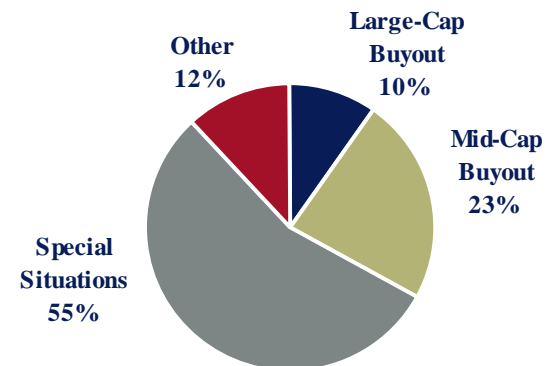

Deployed in 2007 (29% of Fair Value)

Deployed in 2008 (30% of Fair Value)

Deployed in 2009 & 2010 (26% of Fair Value)

Note: Other includes NB Crossroads Fund XVII, Growth / Venture and Secondaries. Based on private equity fair value as of 31 December 2010 (unaudited). Pro forma for the closing of the Strategic Asset Sale and the sale of Dresser, both of which occurred in January 2011.

Recent Portfolio Activity

Increased Allocation to Direct / Yield-Oriented Investments

NBPE is executing on its strategy to provide investors with a higher allocation to direct private equity and yield-oriented investments
