

NB Private Equity Partners Announces the First 2015 Semi-Annual Dividend

4 February 2015

NB Private Equity Partners Limited (“NBPE” or “the Company”), a closed-end private equity investment company, today declared the first 2015 semi-annual dividend payment on the Company's class A ordinary shares (“Shares”) as part of its long-term policy of paying regular dividends.¹

The Board of Directors of NBPE has declared the first 2015 semi-annual dividend payment of \$0.23 to be paid on each Ordinary Share on 27 February 2015. On an annualized basis, this dividend payment represents a dividend yield of 3.3% based on the estimated December 2014 NAV and 3.9% based on the Euronext closing price of \$11.90 on 3 February 2015.

NBPE intends to pay regular, semi-annual dividends to its shareholders and plans to pay this dividend from the cash yield it receives from its income investments. The dividend is 128% covered by the run rate cash yield from the income investments in the portfolio.² NBPE continues to see a steady flow of new investment opportunities and believes this cash interest coverage of the dividend can be maintained over time.

NBPE has been pleased with the performance of its portfolio. NBPE’s total return NAV per Share increased 13.9% and NAV per Share increased 8.9% during 2014, based on the estimated December 2014 NAV. NBPE continues to execute its strategy of making new equity co-investments and income investments in attractive private equity backed companies. Based on the estimated December 2014 NAV, direct investments total \$599 million and represent 88% of NAV, which includes a total of \$326 million, or 48% of NAV, invested in income investments.
